

air probe CAPBs® sens TK 40

Part no. M090002510

temperature CAPBs® sens

benefits

- universal use for various temperature measurements on surfaces, in liquids, air, gases, etc.
- wireless, immediate transmission of the measurement data to your AFRISO measuring instrument, smartphone or tablet with Bluetooth® technology
- position-independent, temperature-compensated sensor technology for maximum precision in all measuring scenarios
- free app for EuroSoft live for operation of all CAPBs® via smartphone and tablet. With pre-installed measurement menus for special applications and graphical representation of the measurement results

Application

Temperature measurement

Description

Sensor module for measurement of the temperature on surfaces, in liquids, soft plastic media or in air with different, application-specific temperature probes.
