General Information

Dancesport examinations cover Modern Ballroom, Latin American, Sequence, Disco Freestyle, Street Dance, Rock 'n' Roll, Country/Western and Authentic and Emerging Dance. These dance genres provide a wide diversity in both teaching and learning in dance education. On one level they form the basis of what may sometimes be referred to as 'social' dancing, and there are a range of examinations that provide those learning to dance as a recreational activity the scope to develop quality within performance. At other levels students may pursue their training further through the range of examinations in order to develop the higher artistic and technical skills necessary for competition dancing, stage performance and dance teaching. The examinations offered in the Dancesport genres enable teachers in differing situations to provide a safe and structured programme for pupils of all ages and abilities.

These examinations include:

Amateur Medal Tests	Introductory Tests One Dance Tests Medal Series – Bronze, Silver, Gold Supplementary and Higher Awards
Graded and Vocational Graded Examinations	Grades 1-6 and Intermediate
Professional Examinations	Student Teacher Associate Diploma in Dance Instruction Diploma in Dance Education
Higher Professional Examinations	Licentiate Fellowship Professional Dancing Diplomas

This syllabus outline gives information about the examination structure for Disco/Freestyle examinations only. Syllabi for the other Dancesport genres are obtainable from ISTD Headquarters. Separate syllabi are available for the Diploma in Dance Instruction and Diploma in Dance Education.

Examination Entry – All Levels

1. Teachers entering candidates for ISTD examinations in Dancesport should hold the appropriate ISTD teaching qualifications. Further information can be obtained either from the UK Examinations Department or International Examinations department as appropriate.
2. Application forms for UK examination sessions are available from ISTD Headquarters or downloadable from the website at www.istd.org/examinations/ukexaminations They should be received at Headquarters at least 12 weeks prior to the date required.
3. There must be an interval of at least 3 months from the date of the original examination if the candidate wishes to retake it for any reason.

Amateur Medal Tests

Medal tests and awards in Disco/Freestyle are designed to be accessible to any age group and seek to:

- promote an appreciation and enjoyment of Disco/Freestyle Dance, with a view to developing technical and artistic qualities
- introduce an understanding of the various styles of the Disco/Freestyle dances, the different rhythmic expressions and characterisations
- motivate candidates and build self-confidence by providing carefully staged goals
- provide a structured approach for teachers to measure the progress of individual candidates

Medal tests and awards build up progressively, ensuring that steps and skills learned at lower levels prepare for more complex and higher quality movements as the candidate makes progress. The earlier tests start at Under 6 and go through to Pre-Bronze. One Dance Tests are available at Pre-Bronze level and at Bronze, Silver, and Gold levels. The medal series then progress from Bronze through to Gold. Candidates who are successful in Gold can supplement their achievement by taking the Gold Stars 1, 2 and 3, the Imperial Dance Awards 1, 2 and 3, Supreme Award and Peggy Spencer Award. Successful candidates at Supreme Award level can progress to the Annual Award.

An outline of the different levels is given below and further detail is given in the Syllabus Content

Entry Conditions And General Information

Age divisions

Tests are conducted in 7 divisions:

1. Under 6
2. Under 8
3. Juvenile division for candidates under 12 years of age
4. Junior division for candidates of 12 and under 16 years of age

5. Adult division for candidates of 16 and under 50 years of age
6. Senior division for candidates of 50 years of age and over
7. Student division for candidates of 16 years of age and over who intend to become professional*

Categories

Candidates have the following options when entering for amateur medal tests:

1. Solo entry
2. Couples Tests
3. Formation Tests

Solo entry

Each candidate is assessed individually

Couples Tests

The partnership is assessed as a couple but two report forms are issued. Both dancers receive a certificate and award. Candidates need not have taken the appropriate test individually. The tests must be taken in sequence. When entering Couples medal tests on the timetable, teachers should bracket the names together and write 'C' for Couple as appropriate.

Formation Medal tests

Tests for teams of six to sixteen amateur dancers in any age division may be taken at Bronze, Silver, Gold, Gold Star 1, 2, 3 and Supreme Award levels. Teams may comprise male or female dancers in any ratio who need not have taken an individual medal. One joint report form issued and each dancer receives a certificate and award. The teacher may request a team trophy on payment of an additional fee. The age division of the team is determined by the eldest member of the team. One routine is required, minimum 1 1/2 minutes, maximum 3 minutes. The team will dance twice to accommodating reserves if required.

Prior learning

No prior learning is required for the earlier tests. For the medal series tests must be passed in sequence from Bronze to Gold. Candidates must be successful in the Gold medal before entering for the Gold Stars. For the Imperial Dance Award and Supreme Award they must have achieved Gold Star level. Candidates who have gained the Supreme Award can enter the Peggy Spencer Award and the Annual Award.

Candidates who hold the Bronze Medal or higher of a teacher organisation recognised by the British Dance Council may commence with the ISTD Silver Medal.

Teachers of competitive dancers who wish to enter the Medal Test system but who have not taken a UK Dance Sport examination, should apply to the relevant Faculty Chairperson, with a brief cv of the prospective candidate, together with a recommendation, so that their level of entry may be assessed. Further details of prior learning and entry conditions are outlined in the Syllabus Content.

Partnering

Candidates must provide their own partners who may be amateur or professional

Syllabus Content for Amateur Medals and Awards

In the Under 6, Under 8, Social Dance and Pre-Bronze Tests, two dances from different genres may be used, e.g. a candidate might choose to dance Waltz (Modern Ballroom) or Cha Cha Cha (Latin American) and a Disco/Freestyle routine. When entering mixed genres, the teacher should enter the tests as 'IDF' (Imperial Dancesport Faculties) on the timetable.

Introductory tests

Under 6 Tests (1, 2, 3 and 4)

These tests are designed to encourage very young pupils and to get them started on the medal test 'ladder'. Two dances in any rhythm should be shown. There is no technical requirement and parts 2, 3 and 4 do not require a higher standard of dancing than part 1. Party dances may be used. Lively movement and the beginnings of timing awareness should be encouraged.

Under 8 Dance Tests (1, 2, 3 and 4)

As for Under 6.

Social Dance Tests (1, 2, 3 and 4)

These are introductory tests at a social level, which may be taken by candidates of any age group. Two dances should be shown in each test and a minimum of four actions/movements shown in each dance. Technical accuracy is not expected and parts 2, 3 and 4 do not require a higher standard of dancing than part 1. Staying in time with the music and the beginnings of rhythmic expression are of primary importance

Pre-Bronze Tests (1, 2, 3 and 4)

These tests may be taken by candidates of any age group. The dancing should show the beginnings of technical awareness. Parts 2, 3 and 4 do not require a higher standard of dancing than part 1. Two dances should be shown in each test and a minimum of four actions/movements figures shown in each dance.

One Dance Tests

These are tests at Social Dance, Pre-Bronze, Bronze, Silver and Gold standard in any Disco/Freestyle dance. They do not qualify the candidate to enter a full medal test at a higher level. The minimum number of actions/movements appropriate to each level must be shown.

Medal series (Bronze 1, Bronze 2, Silver, Gold)

Tests must be passed in sequence from Bronze to Gold. Candidates may enter for both the Bronze and Silver medals at the same session, but each higher test must be taken at separate sessions. Candidates take this option at their own risk as the Silver result will be voided if the Bronze result is unsuccessful. Candidates moving from one age division to the next may either commence at Bronze or Silver level or may continue their medals in rotation e.g. Juvenile Gold to Junior Gold Star etc. Student division candidates must commence at Bronze level. Please refer to the medal competition rules if applicable.

In order to use the medal test system to best advantage, candidates who have passed the Bronze test should be encouraged to take a second Bronze test showing two different dances before moving on to Silver.

NOTE: Markers and Prompters

A marker (who should not impede the examiner's view) may be used for Bronze, and below, candidates.

Higher Awards

Gold Star 1, 2 and 3:

5 routines showing a minimum of eight actions and/or movements should be shown for all Gold Star and above tests and the first dance must be a Warm Up routine, comprising the following elements – Mobility, Pulse Raiser, Short Static Stretch (minimum 32 bars, maximum 3 minutes). A high standard of technical accuracy, control and rhythmic expression will be expected at this level. There must be an interval of 6 months between Gold Stars (3 months for under 16s). The dancing throughout the Gold Stars and Imperial Dance Awards should show a gradual progression towards the ultimate goal of Supreme Award. A slow, medium and fast routine must be included.

Imperial Dance Award

These are optional awards that follow on from the Gold Stars. The requirements and required interval between tests are as for Gold Star. The dancing throughout the Gold Stars and Imperial Dance Awards should show a gradual progression towards the ultimate goal of Supreme Award.

Supreme Award

Candidates for this prestigious award are expected to show an appropriately high standard of technical accuracy, style and rhythmic expression.

The assessment of the candidate is carried out in the same way regardless of which method is selected

Graded Examinations in Dance

Rationale

Disco/Freestyle Dance makes a distinctive contribution to the education of all students, in that it uses movement, which is the fundamental mode of human expression. It offers a range of learning opportunities and enables participants to enjoy physical expression as well as develop intellectual sensibilities. As they work together in Disco/Freestyle Dance, candidates learn about co-operation and develop an understanding of the shaping of movement into artistic forms of expression.

Candidates develop the skill and understanding of Disco/Freestyle Dance, at the same time as building a sound technique, by developing the physical ability to communicate through movement in an expressive and artistic way.

A clearly defined structure allows learning to take place in the context of safe dance practice. The Graded Examinations build up progressively, ensuring that steps and skills learned at lower levels prepare for more complex movements as the candidate progresses.

Each Disco/Freestyle Graded Examination allows candidates to progress to the next higher grade in the Disco/Freestyle genre. Also, a range of transfers to other dance genres becomes possible as the candidate develops physically and learns common skills such as posture, use of arms, timing and rhythmic awareness. In this way, with additional teaching input, the candidate is able to develop a broad base of dancing skills.

Following on from the Graded Examinations, candidates may wish to progress to the Vocational Graded Examinations as preparation for employment as a professional dancer or as preparation for dance teaching qualifications.

The Graded Examinations in Disco/Freestyle Dance also allow for those participating solely for recreational purposes to produce quality work in a safe dance context.

Aims

The aim of Graded Examinations is to provide an assessment scheme for dance, which gives the basis for the measurement of the individual candidate's progress and development, whether the candidate is pursuing dance as a leisure activity or as preparation for a professional career as a dance teacher or performer. There are six practical examination grades, numbered from 1 to 6, in order to indicate the increasing order of difficulty (6 represents the highest level of attainment).

Objectives

The syllabus objectives of the Disco/Freestyle Grades are to ensure that candidates are able to:

- understand the importance of building a sound technique
- understand the use of dance terminology
- demonstrate correct poise and posture
- demonstrate an awareness of the use of space
- demonstrate a good sense of line through body, arms and head
- demonstrate accurate and expressive footwork
- demonstrate an awareness of audience and a sense of performance
- demonstrate an awareness of creative use of movement
- demonstrate a range of movement within the students' natural capabilities
- demonstrate a sense of self-expression
- demonstrate self-confidence in the performance of a solo routine
- appreciate a variety of musical styles and their interpretation within performance

Entry Conditions and General Information

Age limits

Grades 1-3	Recommended minimum age 7 years
Grades 4-5	Recommended minimum age 9 years
Grade 6	Recommended minimum age 11 years

The lower age limits given above are to ensure that candidates are physically developed sufficiently to safely meet the demands of the syllabus.

Prior learning

The Graded Examinations in Disco/Freestyle are intended to be taken consecutively and most candidates will wish to progress through them in sequence in order to develop and demonstrate the requisite skills. However, in cases where examinations are undertaken without success at the previous grade, the candidate needs to be at an appropriate level of physical and artistic development. Before a candidate enrolls in a class leading to a Graded Examination, teachers are under a particular duty, therefore, to assess the achievement of the candidate, particularly with regard to safe dance practice.

Gender distinctions

The Graded Examinations in Disco/Freestyle are suitable for both genders and are designed to develop the strengths and abilities of both male and female candidates.

Time allowances/Number of candidates

Grade	1 or 2 candidates
Grade 1	20 minutes
Grade 2	25 minutes
Grade 3	30 minutes
Grade 4	40 minutes
Grade 5	50 minutes
Grade 6	60 minutes

Candidates will be assessed two at a time but one candidate may be entered singly where there is an odd number.

Use of CDs, musical accompaniment

Set music is obtainable from the ISTD Sales Department for Section 4 - Musical Appreciation in each Graded Examination in Dance.

The teacher or candidate should provide the music for all other sections. As a guide, music should be selected which does not contain cross phrasing and/or long introductions. Please note the recommended beats per minute:-

Slow	64 bpm approx
Street Style	88-112 bpm approx
Medium	112-120 bpm approx
Fast	128-132 bpm approx

A sound system capable of playing CD's at a volume suitable for the venue should be provided. Music system operators should be seated at a discreet distance from the Examiner, not directly facing the candidates.

Dress requirements

Suitable Disco/Freestyle attire, appropriate to the age and gender of the candidate and appropriate footwear, (for example, jazz shoes, dance sneakers etc), should be worn. The chosen attire should enable the Examiner to see clearly the action of the body and legs. It will not be possible for candidates to change their attire during the course of the examination, (for example to suit the style of dance). Therefore, candidates are advised to wear basic dance attire, such as leotard, crop top and jazz trousers, catsuit etc Jewellery or body piercing should not be worn.

Number cards

Number cards should be worn by all candidates for ease of identification.

Syllabus Content for Graded Examinations

The syllabus content given below for Grades 1 to 6 gives an outline of what is required of the candidate at each level. Full technical details are available in the Technical Specification for Disco/Freestyle Graded Examinations, available from the ISTD Sales Department.

Musical Appreciation

Candidates are assessed on their sense of rhythm and timing, and knowledge of dance terminology, throughout the examinations. This is further demonstrated by carrying out the following tasks that are within this section, during the dance sections of the examination: clapping to music and performance of amalgamations solo to music.

Method of Assessment

The examinations are divided into Sections and each Section is composed of several components which are separately assessed and aggregated to give the Section total.

Candidates must gain at least 25% of the marks attainable in each Section in order to pass the examination overall. In cases where 25% of the marks attainable does not come to a round figure, e.g. 12½, the pass mark for the Sections is lowered to the nearest round figure, in this example, 12.

The Section totals are aggregated and the overall mark is given out of 100. If all Sections are passed, then the overall result is indicated as follows:

Distinction	80 - 100 marks
Merit	60 - 79 marks
Pass	40 - 59 marks
Not Attained	00-39 marks

However, if the candidate is unsuccessful in one or more Sections, as explained above, the total mark given out of 100 will not correspond to the result indicators in the chart. In this circumstance, whatever the overall numerical mark may be, the result given will be Not Attained.

Classification of Results

The principle of best fit is applied in deciding the appropriate classification for each candidate. It is not to be expected that a candidate in a particular category will necessarily demonstrate all of the characteristics listed in that category.

A candidate who achieves a **Distinction** classification (80-100 marks) is one who demonstrates the following attributes in performance:

- flair, vitality and skill
- fully appropriate style

- incisively-focussed dancing
- precision in the technique of the genre
- consistent, highly developed musicality
- confident and accurate responses to questions asked and/or tasks set

A candidate who achieves a **Merit** classification (60-79 marks) is one who demonstrates the following attributes in performance:

- skill and proficiency
- largely appropriate style
- focussed dancing
- competence in the technique of the genre
- evidence of developing musicality
- relevant and appropriate responses to questions asked and/or tasks set

A candidate who achieves a **Pass** classification (40-59 marks) is one who demonstrates the following attributes in performance:

- competence
- basic ability to carry out the required movements
- periodic moments of convincing focus
- basic competence in most aspects of the technique of the genre
- basic musicality
- broadly relevant and appropriate response to questions asked and/or tasks set, but some prompting may be required

A candidate who achieves an insufficient level of achievement **Not Attained** classification (00-39 marks) is one who has not yet demonstrated attributes required to gain at least a 'Pass' classification.

Assessment Criteria

Candidates are assessed on their ability to show

- technical accuracy with correct placement to the best of their physical facility
- appropriate use of limbs showing an understanding of the purpose or significance of each movement or sequence of movements
- a sense of line and well co-ordinated movements
- an assured performance showing the different qualities of movement required by each section of the examination structure
- musicality and rhythmic awareness

Vocational Graded Examinations

Please note that only the Intermediate examination is currently available

Introduction

The Intermediate Vocational Graded Examination in Disco/Freestyle develops the candidate's expertise in such a way as to provide the basis for either more advanced/competitive dancing or further training as a dance teacher

Throughout the study of the syllabus, candidates are following a vocational path, requiring a high level of commitment and with an increasing emphasis on safe dance practice. Successful candidates at this level should show virtuosity in performance, a high standard of technique and a sound knowledge and understanding of the Disco/Freestyle genre. Candidates undertaking a study of the Disco/freestyle Vocational Graded Intermediate syllabus should typically display a sense of self-awareness and be self-motivated in terms of their personal development. As distinct from the General Graded Examinations, a greater degree of flair and expression is encouraged and the candidate is expected to show an assertive/responsive performance to partner, depending upon the role of the candidate.

All Disco/Freestyle graded examinations are concerned with progressive mastery in defined stages. They also develop and demonstrate competence and artistry in the Disco/Freestyle technique. The Vocational Graded Examination is concerned specifically with the mastery of technique and underpinning understanding, to a level sufficient to prepare candidates for further vocational training and match current expectations in the competitive and employment sector.

Candidates will need to show the qualities of commitment and focus, with the ability to manage a greater amount of work related study than that required for the General Graded Examinations. This would typically result in a successful candidate spending significant additional time each week in lessons, in practising and in studying independently.

The Intermediate Vocational Graded Examination is a regulated qualification on the Regulated Qualifications Framework and is located at Level 3.

Aim

The aim is to provide an assessment scheme, which gives the basis for the measurement of the individual candidate's progress and development, in preparing to be a professional dance performer or teacher.

Objectives

The objectives of the Intermediate Disco/Freestyle Vocational Graded Examination syllabus are to ensure that candidates gain the following:

- Knowledge and understanding of importance of Warm Up and Cool Down
- Core stability and Isolation
- Strong technique with good body tone, poise and centering within the dancer's physical capabilities
- Accurate foot placing and articulate use of feet and ankles within the steps and movements
- Controlled use of line and co-ordination
- An understanding of Syllabus Figures and Actions and the purpose of set work
- Strength and stamina
- Spatial awareness, direction and contrasting high and low levels
- An awareness of audience and a focused sense of performance

- A developed sense of self-discipline, confidence and presentation
- A respect for audience/examiner
- Creative use of movement
- A strong sense of timing, rhythm and reaction to music
- Varying dance styles and musical appreciation/interpretation

Entry Conditions and General Information

There is a recommended minimum age of 14 years for the Intermediate Vocational Graded Examination in Dance. This is to ensure that candidates are physically developed sufficiently to safely meet the demands of the syllabus

Prior Learning

Exemption from the Intermediate examination may be obtained if the candidate is a student who already holds an equivalent genre Intermediate certificate of an Ofqual recognised dance awarding body. Application for exemption must be made in writing to the UK Examinations department.

Gender distinctions

The syllabus is suitable for both genders and is designed to develop the strengths and abilities of both male and female candidates.

Teachers

During the examination, the teacher may remain in the room, both to operate the music system and to partner the candidate. However they should be seated unobtrusively, with their back to the candidate and must not assist them verbally. The teacher may arrange for someone else to play the music and that person may be an amateur, but **must not** be a relative of the candidate or another candidate in the examination session.

Time Allowances / Number of Candidates

Examination	1 candidate	2 candidates
Intermediate	75 minutes	90 minutes

Use of CDs / musical accompaniment

Teachers and candidates will use their own choice of music throughout the examinations. As a guide, music should be selected which does not contain cross phrasing and/or long introductions.

Please note the recommended beats per minute: -

Slow	64 bpm approx
Street Style	88 - 112 bpm approx
Medium	112 - 120 bpm approx
Fast	128 - 132 bpm approx

A sound system capable of playing CD's at a volume suitable for the venue should be provided. Music system operators should be seated at a discreet distance from the Examiner, not directly facing the candidates.

Dress requirements

Suitable Disco/Freestyle attire, appropriate to the age and gender of the candidate and appropriate footwear, (for example Jazz shoes, dance sneakers etc), should be worn. The chosen attire should enable the examiner to see clearly the action of the body and legs. Unfortunately, it will not be possible for candidates to change their attire during the course of the examination, (for example to suit the style of dance). Therefore, candidates are advised to wear basic dance attire, such as leotard, crop top and Jazz trousers, catsuit etc. Jewellery or body-piercing should not be worn.

Method Of Assessment

Vocational Graded Examinations are assessed externally by visiting examiners recruited and trained by the ISTD. Assessment is carried out by means of a practical demonstration of the knowledge, understanding and skills required.

The examination is divided into Sections and each Section is composed of several components, which are separately assessed and aggregated to give the total out of 100.

Candidates will, however, be unsuccessful if:

1. 20% of the marks attainable or below are given for any one component
2. 40% of the marks attainable or below are given for any three components.

This reflects the need to ensure competence across a wide range of components. Results are indicated using the following attainment bands:

Distinction	80-100
Merit	65-79
Pass	50-64
Not Attained	00-49

Full attainment descriptors are as follows.

Classification of Results

The principle of best fit is applied in deciding the appropriate classification for each candidate. It is not to be expected that a candidate in a particular category will necessarily demonstrate all of the characteristics listed in that category.

A candidate who achieves a **Distinction** classification (80-100 marks) is one who demonstrates the following attributes in performance:

- flair, vitality and skill
- fully appropriate style
- incisively-focussed dancing
- precision in the technique of the genre
- consistent, highly developed musicality
- confident and accurate responses to questions asked and/or tasks set

A candidate who achieves a **Merit** classification (65-79 marks) is one who demonstrates the following attributes in performance:

- skill and proficiency
- largely appropriate style
- focussed dancing
- competence in the technique of the genre
- evidence of developing musicality
- relevant and appropriate responses to questions asked and/or tasks set

A candidate who achieves a **Pass** classification (50-64 marks) is one who demonstrates the following attributes in performance:

- competence

- basic ability to carry out the required movements
- periodic moments of convincing focus
- basic competence in most aspects of the technique of the genre
- basic musicality
- broadly relevant and appropriate response to questions asked and/or tasks set, but some prompting may be required

A candidate who achieves an insufficient level of achievement **Not Attained** classification (00-49 marks) is one who has not yet demonstrated the attributes required to gain at least a 'Pass' classification.

Assessment Criteria

- Technical accuracy with correct placement to the best of the physical facility. An appropriate use of limbs showing an understanding of the purpose of each exercise
- A sense of line and well co-ordinated movement with an awareness of the use of space
- An assured performance showing the differing qualities of movement and style required by each section of the exam structure
- An instinctive musicality and a highly developed sense of rhythm

Reasonable Adjustments

Candidates Who May Require Adjustments to the Assessment

The ISTD is committed to promoting an environment where all individuals are encouraged to achieve their full potential and develop their skills, encouraging its teachers to maintain an open approach towards the different talents and abilities offered by all their students. It is, therefore, required of all ISTD teaching members that they do not discriminate, either directly or indirectly, on the grounds of colour, race, nationality, ethnic origin, gender, mental or physical disability, marital status or sexuality, and pupils with disabilities should not be treated less or more favourably than able-bodied pupils simply because of their disability.

Disability takes the form of mental or physical impairments or both, and may be long or short term. The ISTD recognises that some students with a mental or physical impairment may need special adjustments to assessment conditions to allow them to demonstrate their knowledge in dance. The procedure should be used in all cases, every time the candidate enters for an examination, as the conditions, and necessary adjustments, may change.

If a teacher wishes to enter such a pupil for an examination, the ISTD would like to make it clear that although pupils with mental or physical impairments may require extra time in an examination, or special aids (e.g. special headphones if the pupil is deaf) in order to perform to the best of their ability, the *quality of the performance in an examination is to be equal to that of a non-disabled candidate*. The candidate cannot be marked on different criteria because of the restriction the impairment may cause them. This is mandatory in order to achieve a true and fair dance award.

If such a candidate is to be submitted for an examination, the teacher must apply to the Customer Services and Quality Assurance department for an 'Application for Reasonable Adjustments' form, or download it from the Customer Services section of the ISTD website, www.istd.org. This should be completed and returned, with a doctor's letter if relevant, to the Customer Services and Quality

Assurance department, a minimum of three weeks prior to the examination entries being sent in to the Examinations department. This form may be submitted to the Faculty for advice, and the teacher and examiner will be informed of the adjustment agreed.

For further details see the Equal Opportunities policy on the ISTD website
www.istd.org/documents/istd-equal-opportunities-policy

Results and Certification

All ISTD examinations are single performances at one moment in time, with a detailed marking system awarded according to the assessment criteria and attainment descriptors given for each examination.

Examiners return the results and report sheets as soon as possible after the examination. The report sheets for each candidate are individually checked within the Quality Assurance department for administrative accuracy. Under normal circumstances the report sheets will be issued to the teacher within 10 working days of the examination for UK examinations. Any errors found are corrected by the examiner prior to further processing of the whole examination session, and may therefore extend these timings, although the department will make every effort to process these as rapidly as possible.

All results are entered, and checked for achieving the minimum pass levels, and correct levels of attainment against the total mark achieved.

Results are then cleared for the certificate issue, which should be within 6 to 8 weeks of the examination. Copies of all report sheets and results are held on archive for reference as necessary.

Regulation

The ISTD is a regulated awarding body and ISTD Graded and Vocational Graded Examinations in Dance, the Diploma in Dance Instruction, and Diploma in Dance Education are regulated by Ofqual in England; Qualifications Wales in Wales; and the Council for the Curriculum Examinations and Assessment (CCEA) in Northern Ireland. Teachers in other countries should note that while the ISTD and all ISTD regulated examinations must meet these criteria, the Regulatory Authorities themselves have no remit outside England, Wales and Northern Ireland.

The Regulated Qualifications Framework (RQF) provides a single, simple system for cataloguing all regulated qualifications, indicating qualifications by their level (degree of difficulty) and size (amount or breadth of learning). Size is indicated by a credit value, corresponding to a term used in the title. An Award is worth 1-12 credits, a Certificate is worth 13-36 credits, and a Diploma is worth 37 or more credits. One credit corresponds to 10 hours of learning for the typical learner, which is divided into Guided Learning hours (GLH), which is broadly contact time with the teacher, and personal study time, which together make Total Qualification Time (TQT). The ISTD's qualifications on the Regulated Qualifications Framework are as follows:

Qualification Title	Qualification number	Guided Learning Hours	Total Qualification Time (hours)	Credits
ISTD Level 1 Award in Graded Examination in Dance: Grade 1	501/0755/0	60	70	7
