

Team Building and Volunteering

Boulder is known for its collaborative atmosphere. It's one of the top-ranked tech startup communities in the country, with a thriving, creative culture and a contagiously energetic attitude. What better place to gather a group for some memorable team building?

For a fresh take on team building, get out of the boardroom and into the great outdoors, which is always mere steps away in Boulder. Experienced guides can help attendees connect with one another — and with nature. Plenty of other local experts will help you design a more traditional team-building experience, if that's what your meeting calls for. Or perhaps your group would love to mix it up with a cooking class or demonstration in foodie-famous Boulder?

If you're looking for a way to make a meaningful difference while your attendees get a chance to bond, you may also want to consider voluntourism opportunities in Boulder — where your team pulls together to contribute to a local cause. Our staff can help match you with a great, charitable organization.

Don't hesitate to contact us at 303.442.2911 or GroupSales@Bouldercvb.com for help arranging your group's team building.
